IT DIVIDES THE PARTY

NOTABLE SPEECH BY HERBERT A. ASQUITH AT A LIBERAL DINNER.

ANNEXATION A NECESSITY

Repudiates the Pro-Boer Resolutions of the Queens Hall Meeting—His Address Achieves the Complete Severance of the Two Wings of the Liberal Party—Great Joy Among Conservatives Over the Outcome.

London, June 21.—Herbert H. Asquith, the former Liberal home secretary, speaking at a Liberal dinner, protested against the pro-Boer resolutions adopted at Queens hall being accepted as a pronouncement of the Liberal party. He declared that Boer independence was impossible and said the Liberals favored a free, federated South Africa, on the lines of Canada and Australia.

Mr. Asquith further said that Liberals holding his views had been branded as schismatics, but they had not changed their views. They had always condemned the war policy and that they considered it must now be left for the judgment of history.

Mr. Asquith said that at the beginning of the war he believed it was possible to restore the status of the two South African republics, but that he was now a reluctant convert to the necessity of annexation. He looked forward, hopefully, to the time when these distractions would be ended and said that they all worked unitedly for liberal reform and progress.

By his trenchant speech Mr. Asquith achieved the complete severance of the two wings of the Liberal party. This was done to the Great Joy of the Conservatives, whose press organs cannot find words sufficient to applaud his courage and honesty. The press is of the opinion that the party of many leaders will

now find greater difficulty than ever in discovering who is the real leader of the party.

The Daily Chronicle hails Mr. Asquith as "the true leader" and calls upon Sir Henry Campbell Bannerman to declare with equal explicitness whether he will still follow Mr. John Morley's banner.

The Daily News says that the smouldering discontent of those calling themselves Liberal imperialists has at last burst into flame and that it is deplorable that Mr. Asquith, of all men, should seem to head the movement of revolt which can end in nothing but the repudiation of Liberalism. "It is the duty of the Liberals," says The Daily News, "now loyally to support Sir Henry Campbell Bannerman."

It may safely be predicted that Mr. Asquith will find a very large following both among the Liberal members of the house of commons and the country generally.

THE CUBAN CONSTITUTION.

It is Modeled After That of the United States.

Washington, June 21.—Secretary Root has received a letter from Governor General Wood containing the official announcement of the adoption of the Platt amendment by the Cuban constitutional convention.

Like the constitution of most of the South American republics the Cuban constitution has been framed with the Constitution of the United States as a model.

The adoption of the Platt amendment makes it sufficient for all the purposes of this government in its relations with Cuba.

ADVANCED HIMSELF MONEY.

Paymaster Martin of the Navy on Trial at League Island.

Philadelphia, June 21.—Paymaster John M. Martin of the United States navy was placed on trial at the League Island navy yard charged with advancing money to himself on account of salary that was due and with having advanced money to Surgeon Masteller. The offense is admitted by Paymaster Martin. There was no loss nor danger of loss to the government, but his action was a violation

of a rigid rule of the navy. Two sessions of the court were held, but no information was given to the public.

BERESFORD COMPLAINS.

Says Britain's Mediterranean Fleet Is Not Strong Enough.

London, June 21.—The Daily Mail publishes a letter from Rear Admiral Lord Charles Beresford to a correspondent complaining of the want of proper strength and efficiency in Great Britain's Mediterranean fleet.

Lord Charles says that his duty is second in command of the fleet and prevents his giving his reasons publicly. He further says that he has communicated his views on the subject to the proper authorities in a strong and clear Anglo-Saxon language as he can command.

Both Governments Satisfied.

Washington, June 21.—Minister Vizcuna of Chile was at the state department to arrange for the payment of the awards recently made by the United States and Chilean claims commission, amounting to about \$28,000 for American citizens and \$3,000 for a Chilean citizen. Both governments are well satisfied with the outcome of the commission and the comparatively small amount assessed against each country.

INJUNCTION REFUSED.

Kiowa, Comanche and Apache Reservations to Be Opened.

Washington, June 21.—Justice Bradley, in the equity court, denied the application of Lone Wolf and other Indians for an injunction against the secretary of the interior to restrain him from opening the Kiowa, Comanche and Apache lands in Oklahoma to settlement. Without going into the facts of the case the court held that the question was purely a political one, with which the court had no power to deal.

Counsel for the Indians immediately gave notice of a special appeal to the district court of appeals. Now that the case is decided it is believed that the president in a few days will issue his proclamation opening to settlement the Kiowa, Comanche and Apache and Wichita lands.

FIRE ON THE MINERS

THE LABOR TROUBLES AT MATEWAN, W. VA., RESULT IN BLOODSHED.

STRIKERS FATALLY SHOT

Union Men March in a Body Against the Maritime Mines—Are Met by Guards Armed With Winchesters, Which Are Used With Disastrous Results—Men Are Gathering and More Trouble is Feared.

Matewan, W. Va., June 21.—The trouble long anticipated has at last taken place and the strained relations between the union and non-union miners have resulted in bloodshed. Several hundred union miners, who were on strike, marched in a body against the Maritime mines of this place, where non-union men were at work. They tried to effect an entrance, but the operators with 20 guards armed with Winchesters behind them blocked the entrance. The non-union miners were headed by Superintendent Lambert and when the previously warned union men persisted in their attempt he gave the command to fire. Fully 50 shots were fired. Boyd Martin and Riley Johnson were fatally shot and Samuel Artrip was dangerously wounded. The union men did not return the fire but dispersed, waiting reinforcements and swearing vengeance for the blood of their comrades. All the union miners throughout Mingo are collecting to get here during the day. Serious trouble is expected when they again try to effect an entrance to the Maritime mines. Sheriff Hatfield, a nephew of the notorious "Cap" Hatfield, is on the scene with city deputies and says he proposes to do his duty and unless the union men back down it is hard to predict the result.

REACH AN AGREEMENT.

Over Five Hundred Machinists at Bay City, Mich., Return to Work.

Bay City, Mich., June 21.—The strike of machinists of Bay City and Saginaw has been settled as the result of a conference between the manufacturers and representatives of the strikers. The Metal Trades' association of the valley submitted the following proposition:

"The Metal Trades' association of the Saginaw valley propose to make an advance to its employees on present wages per hour of 6 1/4 per cent, nine hours to constitute a day's work. Final agreement to be the same as that agreed upon between the National Metal Trades' association and the International Association of Machinists as regards wages and hours."

This proposition was laid before the unions of both cities and approved. The shops here will resume operations next Monday morning. Over 500 men have been affected in Bay City alone by the strike.

MAY CAUSE A BIG STRIKE.

Seattle Trades Council Demands a Nine-Hour Day of Employers.

Seattle, Wash., June 21.—A demand has been made by the Seattle trades council upon the manufacturers and wood working shops for a reduction of the hours of labor to nine hours a day without decrease of pay. This demand grew out of the action of the Seattle Lumber Exchange in declaring a boycott on the members of the trades council as a means of retaliation for the action of the council in boycotting the lumber manufactured by the Morans.

Failing in their efforts to enforce the demands the trades council will probably order all of the local mill operatives out. This will result in a shutdown of all mills and will cause building operations in the city to practically cease, throwing out 6,000 men.

DECORED TO HIS DEATH.

An Atlanta (Ga.) Patrolman Instantly Killed by a Negro.

Atlanta, Ga., June 21.—Patrolman E. H. Debray was shot and instantly killed in the west end of this city. His murderer was a negro, who has not been captured. It is believed Officer Debray was decoyed to his death. One man, a negro named Hammond, who sent the officer to the place where death was dealt him, has been arrested.

Hammond told the officer there was trouble at the end of the car line. Debray found three negroes there apparently in a row. One of the negroes resisted arrest and shot the officer.

Allow No Negroes in the Place.

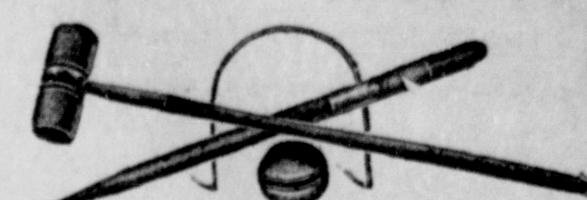

Guthrie, Okla., June 21.—Deputy United States Marshal Sisson was called to Glencoe, on the Eastern Oklahoma railroad, by a rate difficulty at that place. The United States marshals were notified by the Santa Fe authorities that the citizens of Glencoe had threatened to use force

to run out a gang of 40 colored men employed to raise grade at that point. The citizens of Glencoe have a rule that allows no colored man to visit or live in that village.

Thinks He Is the Messiah.

Chicago, June 21.—Conrad Edelvard, a member of an ancient Russian family and a direct descendant of one of the governors of Finland, was sent to the Jefferson asylum after examination in court. He has delusion that he is the Messiah.

Another Body Found.

St. Paul, June 21.—The body of a small girl was found in the river at the St. Paul Boom company's works by an employee. While the body is in an advanced stage of decomposition that does not permit of an identification it is almost certain that the remains are those of Mary Rosenfeld, aged 7 years, one of the four children who figured in the crime of William Rosenfeld, which stirred St. Paul seven weeks ago.

Are Joining the Boers.

London, June 21.—Henry W. Masingham, writing to The Daily News, says 6,000 Cape Colonists have already joined the Boers.

Cattle and Horses Do Not Get Frightened in Rough Weather.

"Do the horses and cattle get frightened and make much disturbance in rough weather?" asked the writer of a New York dealer who ships cattle abroad.

"Bless you, no. They've got sea legs that would put an old salt to shame. Occasionally a horse will lose his balance, but a bullock is the greatest balancer you ever saw. They are knowing brutes too. You know, we put them four in a pen. Well, you'll never find all four standing up or lying down at one time. They figure the thing out and decide how they'll get the most room and most comfort. So two of them stand up while two lie down. When they get tired, they shift the watch."

"The horses like to be talked to when there's a big sea on and things are pretty lively. They always like certain men better than others. So do the cattle. We have one man who can do anything with them. Every bullock and horse on the boat knows him by the time we've been out two days. He comes in handy when there's an accident."

Suits to Revoke Charter of Nashville Railway Decided.

Nashville, Tenn., June 21.—Chancellor Cox has decided that the Nashville railway has a perpetual ownership in the streets of Nashville. Suits were instituted to obtain a revocation of the charter of the integral lines on the ground that the consent of the city to a transfer of the street franchises had never been secured, as required by law. The chancellor held that the consent of the city was not essential.

To Control Broom Factories.

Urbana, Ill., June 21.—The Chicago Broom company of Chicago and the Southwestern Broom company of Evansville, Ind., are said to be the promoters of a combination to include all

"The company charges from \$6 to \$20 a head for carrying cattle and from \$27 to \$250 a head for horses. When the government inspectors stopped overcrowding, they cut down the carrying capacity of some boats 75 head. That made a pretty big hole in the ship's profits in the course of a year."—Exchange.

REACH AN AGREEMENT.

Over Five Hundred Machinists in Bay City, Mich., Return to Work.

Bay City, Mich., June 21.—The strike of machinists in Bay City and Saginaw has been settled as the result of a conference between the manufacturers and representatives of the strikers. The Metal Trades' association of the valley submitted the following proposition:

"The Metal Trades' association of the Saginaw valley propose to make an advance to its employees on present wages per hour of 6 1/4 per cent, nine hours to constitute a day's work. Final agreement to be the same as that agreed upon between the National Metal Trades' association and the International Association of Machinists as regards wages and hours."

This proposition was laid before the unions of both cities and approved. The shops here will resume operations next Monday morning. Over 500 men have been affected in Bay City alone by the strike.

MAY CAUSE A BIG STRIKE.

Seattle Trades Council Demands a Nine-Hour Day of Employers.

Seattle, Wash., June 21.—A demand has been made by the Seattle trades council upon the manufacturers and wood working shops for a reduction of the hours of labor to nine hours a day without decrease of pay. This demand grew out of the action of the Seattle Lumber Exchange in declaring a boycott on the members of the trades council as a means of retaliation for the action of the council in boycotting the lumber manufactured by the Morans.

Failing in their efforts to enforce the demands the trades council will probably order all of the local mill operatives out. This will result in a shutdown of all mills and will cause building operations in the city to practically cease, throwing out 6,000 men.

DECROYED TO HIS DEATH.

An Atlanta (Ga.) Patrolman Instantly Killed by a Negro.

Atlanta, Ga., June 21.—Patrolman E. H. Debray was shot and instantly killed in the west end of this city. His murderer was a negro, who has not been captured. It is believed Officer Debray was decoyed to his death. One man, a negro named Hammond, who sent the officer to the place where death was dealt him, has been arrested.

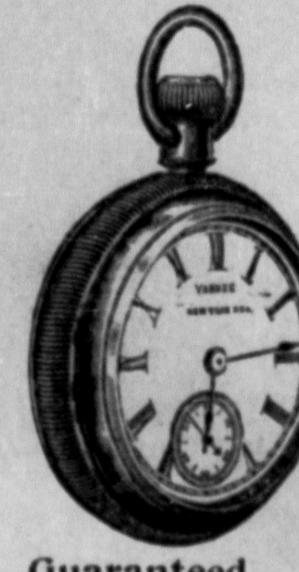

Hammond told the officer there was trouble at the end of the car line. Debray found three negroes there apparently in a row. One of the negroes resisted arrest and shot the officer.

ALLOW NO NEGROES IN THE PLACE.

Guthrie, O. T., June 21.—Deputy United States Marshal Sisson was called to Glencoe, on the Eastern Oklahoma railroad, by a race difficulty at that place. The United States marshals were notified by the Santa Fe authorities that the citizens of Glencoe had threatened to use force

to run out a gang of 40 colored men employed to raise grade at that point. The citizens of Glencoe have a rule that allows no colored man to visit or live in that village.

Thinks He Is the Messiah.

Chicago, June 21.—Conrad Edelvard, a member of an ancient Russian family and direct descendant of one of the governors of Finland, was sent to the Jefferson asylum after examination in court. He has a delusion that he is the Messiah.

WISCONSIN VETERANS.

Sheboygan Encampment Elects Officers and Adjourns.

Sheboygan, Wis., June 21.—Allen H. DeGroff of Alma has been elected department commander of Wisconsin G. A. R. The other officers are W. N. Root, Sheboygan, senior vice commander, and George W. Norton of Berlin, junior vice commander.

Mrs. Welton of Madison was elected department president of the W. R. C. Mrs. John Dietz of Sheboygan was chosen senior vice.

Mrs. I. W. Jones of Milwaukee was re-elected department president of the Ladies of the G. A. R.

A big campfire in the evening closed the encampment.

AID FOR JACKSONVILLE.

Florida Daughters of the American Revolution Appeal to the Order.

Washington, June 21.—The state agent of the Daughters of the American Revolution of Florida, Mrs. Dennis Eagan of Jacksonville, appeals to the chapters throughout the country to send to that place in her care as many sewing machines, new or second hand, as can be gathered. Numbers of women who have been left destitute by the fire could support themselves and help others if these machines were obtained. Any furniture or clothing also would be very gladly accepted. It is believed that freight companies will give free transportation for this cause.

HAS PERPETUAL FRANCHISE.

Suits to Revoke Charter of Nashville Railway Decided.

Nashville, Tenn., June 21.—Chancellor Cox has decided that the Nashville railway has a perpetual ownership in the streets of Nashville. Suits were instituted to obtain a revocation of the charter of the integral lines on the ground that the consent of the city to a transfer of the street franchises had never been secured, as required by law. The chancellor held that the consent of the city was not essential.

To Control Broom Factories.

Urbana, O. T., June 21.—The Chicago Broom company of Chicago and the Southwestern Broom company of Evansville, Ind., are said to be the promoters of a combination to include all

the broom factories and the room corn product in the United States. The Perry & White and Valentine companies of Urbana have been asked to join the combination, but have not yet done so. Six million dollars is the capital stock of the proposed combination.

Another Body Found.

St. Paul, June 21.—The body of a small girl was found in the river at the St. Paul Boom company's works by an employee. While the body is in an advanced stage of decomposition it is almost certain that the remains are those of Mary Rosenfeld, aged 7 years, one of the four children who figured in the crime of William Rosenfeld, which stirred St. Paul seven weeks ago.

Are Joining the Boers.

London, June 21.—Henry W. Massey, writing to The Daily News, says 6,000 Cape Colonists have already joined the Boers.

Cattle and Horses Do Not Get Frightened in Rough Weather.

"Do the horses and cattle get frightened and make much disturbance in rough weather?" asked the writer of a New York dealer who ships cattle abroad.

"Bless you, no. They've got sea legs that would put an old salt to shame. Occasionally a horse will lose his balance, but a bullock is the greatest balancer you ever saw. They are knowing brutes too. You know, we put them four in a pen. Well, you'll never find all four standing up or lying down at one time. They figure the thing out and decide how they'll get the most room and most comfort. So two of them stand up while two lie down. When they get tired, they shift the watch."

"The horses like to be talked to when there's a big sea on and things are pretty lively. They always like certain men better than others. So do the cattle. We have one man who can do anything with them. Every bullock and horse on the boat knows him by the time we've been out two days. He comes in handy when there's an accident."

"It's mighty seldom that a serious accident happens nowadays, but once in a while a horse or a bullock does get thrown and breaks a leg or does some bad damage. We don't carry a veterinary. The men know as much about ordinary cattle and horse ailments as any vet, and if one of the brutes breaks his leg there's nothing for it but to kill him. A veterinary couldn't do anything for him."

"The company charges from \$6 to \$20 a head for carrying cattle and from \$27 to \$250 a head for horses. When the government inspectors stopped overcrowding, they cut down the carrying capacity of some boats 75 head. That made a pretty big hole in the ship's profits in the course of a year."—Exchange.

YANKO ISLAND.

Facts About New Land Discovered in the Sea of Japan.

That there should be room for discovery of an island in the sea of Japan at this time of day seems hardly creditable, says the Montreal Star. It would almost be as much expected to make a discovery of the kind in the Caribbean sea. Yet, according to the Nichi Nichi, a Japanese paper regarded as reliable, it appears that an island was discovered at a point between Ul-long-do, island of Korea, and the Oki archipelago, about 30 miles off.

No maps heretofore have the island referred to. It is described as two miles long and about the same in width. Trees and grass are there, and it contains many inlets, affording good anchorage. The island was discovered by a fisherman about a year ago, finding the waters about it fairly alive with sea horses. The new land is called Yanko by the fishermen of Japan and Korea.

LATEST FREAK CURE.

Red Light Successfully Used For Measles.

The treatment of disease by the use of colored light, however much it might be ridiculed, is obtaining a footing in Berlin, says the New York World's correspondent. The latest novelty is the cure of measles with red light.

Dr. Chatinier publishes in a popular medical magazine the results of a number of experiments, all having been favorable.

Patients with measles are kept in rooms lighted with a subdued red light much like that in a photographer's dark room. Dr. Chatinier uses red silk paper pasted on his window panes.

The patient receives no medicine and is better in two or three days. Dr. Chatinier explains that the prevailing red light enables the inflamed skin to rest.

Dr. Chatinier was first attracted to his discovery by noticing that the peasant women in his district always wrapped up their measles stricken children in red cloth.

Neighborhood Gossip.

Bishop Trobec will go to Little Falls Sunday where he will confirm a large class at the French church. Monday he will be at the German church at Perham, where he will confirm another large class.—St. Cloud Times.

Reports of grasshoppers in one or two towns along the Otter-Clay county border have been received lately and an entomologist from the state university has been sent up to find out whether they are the genuine Rocky Mountain locusts or simply the ordinary, every day grasshopper.—Fergus Falls Journal.

John W. Nelson left this morning for Bemidji, where the gun club of that place is holding a shooting tournament of three days, beginning tomorrow. The three days will be well filled with interesting events, and very decent purses are to be hung up for the shooters to get if they can. Besides the entry fees, the Bemidji Gun club has added \$250 in prizes.—Duluth Evening Herald.

The Great Northern depot at Thief River Falls was entered by burglars on Monday night and robbed of all the change that had been left in the till. The thieves entered by breaking a glass and slipping a catch on the window. The amount taken was less than ten dollars, and consisted entirely of nickels and pennies.—Crookston Journal.

A report in circulation among the business men that E. C. Hogan, with stores at New Paynesville, Spring Hill and Padua, had filed a petition in bankruptcy, proves erroneous. Mr. Hogan is in financial straits and it is probable that a trustee will be agreed to by the creditors to tide him over his present difficulties.—St. Cloud Journal Press.

The amusements and entertainments will this year be of the highest order and no one need be afraid of coming to Red Wing.—Red Wing Republican.

J. V. Brower, who has been in this city and vicinity the past few days looking for relics for the State Historical society, returned to St. Paul Wednesday, says the Little Falls Transcript. Mr. Brower was up to Ft. Ripley and secured quite a number of valuable relics. Among them were a fender for a fire place made by the blacksmith at the fort, the key to the powder magazine and a plate used in the hospital. He values the plate very highly, as he was an inmate of the hospital in 1863 for six weeks and thinks that it is quite probable that he ate from it while there.

The German paper at this place which suspended publication for some time through the death of the proprietor and publisher, J. P. Mueller, has again resumed publication, and is under control of Theo. A. Miller, who arrived from Clarks, Neb., last week. Mr. Miller comes highly recommended by the best publishers of Nebraska and Iowa, and will put forth his best efforts to give the Germans a good, newsy paper. His family is at present visiting in Nebraska, and will arrive the first part of July. We hereby extend our best wishes to Mr. Miller, and trust that he will have good success.—Little Falls Transcript.

Only Sunburned.

Last summer two little girls in a College avenue family were repeatedly remonstrated with by their indulgent mother for playing bareheaded in the sun. "You will be burned so badly," said she to them finally, "that people will think you are black children." Her warning had little effect, however, and she gave up trying to keep their hats on.

One day she sent them to a neighbor a block or so distant to make some inquiries concerning a washwoman. Mrs. S., the neighbor in question, mistook them for the children of a Mrs. Black who lived in another street nearby.

"You are the little Black children, are you not?" she asked.

"Oh, no," came the prompt response from the elder. "Only sunburned."—Indianapolis News.

Only Sunburned.

Last summer two little girls in a College avenue family were repeatedly remonstrated with by their indulgent mother for playing bareheaded in the sun. "You will be burned so badly," said she to them finally, "that people will think you are black children." Her warning had little effect, however, and she gave up trying to keep their hats on.

One day she sent them to a neighbor a block or so distant to make some inquiries concerning a washwoman, Mrs. S., the neighbor in question, mistook them for the children of a Mrs. Black who lived in another street nearby.

"You are the little black children, are you not?" she asked.

"Oh, no," came the prompt response from the elder. "Only sunburned"—Indianapolis News.

YANKO ISLAND.

Facts About New Land Discovered In the Sea of Japan.

That there should be room for dis-
covery of an island in the sea of Japan
at this time of day seems hardly credit-
able, says the Montreal Star. It would
almost be as much expected to make a
discovery of the kind in the Caribbean
Sea. Yet, according to the Nichi Nichi,
a Japanese paper regarded as reliable,
it appears that an island was discov-
ered at a point between Ul-long-do, is-
land of Korea, and the Oki archipelago,
about 30 miles off.

No maps heretofore have the island
described. It is described as two
miles long and about the same in width.
Trees and grass are there, and it con-
tains many inlets, affording good
anchorage. The island was discovered
by a fisherman about a year ago, be-
ing the waters about it fairly alive
with sea horses. The new land is called
Yanko by the fishermen of Japan and
Korea.

J. V. Brower, who has been in this

looking for relics for the State His-

very highly, as he was an inmate of

A Former Brainerd Boy Weds at St. Joseph, Mo., Miss Emma Wagner.

THE CEREMONY ELABORATE.

The Shanks-Van Sickles Wedding Ceremony Solemnized Last Evening.

The following clipping from the Catholic Tribune, of St. Joseph, Mo., relating to the marriage of Mr. John Lillig, son of Mr. and Mrs. M. Lillig of this city, and Miss Emma Wagner, of St. Joseph, will be of interest:

"Another wedding which was beautifully carried out was that of Mr. John Lillig and Miss Emma Wagner, which was also celebrated Tuesday morning in the Church of the Immaculate Conception, Rev. Father Johannes officiating.

Eight o'clock was the time set for the ceremony, but long before that hour those invited began to assemble in the church, which in honor of the occasion was profusely decorated in palms.

The bridal party entered to the strains of Mendelssohn's wedding march, played by Miss Lorenz, the ushers, Messrs. E. Wagner, and A. Mayer leading the way; next came the groom and his best man, Mr. Michael Lillig; then the maids, Misses Rose Wagner and Rose Lillig and lastly the bride accompanied by her maid of honor, Miss Agnes Wagner.

The costumes of the maids were of yellow silk mouseline with lace and black ribbon velvet garniture. They wore black Gainsborough hats and carried loose clusters of Marguerites. The maid of honor was attired in a beautiful gown of light blue silk grenadine over white taffeta silk; black ribbon velvet and lace insertion were used for trimming and she wore a white hat adorned with blue for-get-me-nots and a large bow of black ribbon velvet; her bouquet was also a cluster of marguerites. The bride was unusually beautiful in a robe of white Paris mouseline over white taffeta silk; the skirt was elaborately trimmed in point lace and the bodice finished in a deep collar of the same. She wore a large white picture hat massed in snowy white flowers and carried a shower bouquet of white carnations tied with broad streamers of white satin ribbon.

The bridal party was tendered a wedding breakfast after mass at the home of the bride's parents, Mr. and Mrs. Egid Wagner, 625 South Seventeenth street, and in the afternoon the beautiful home was thrown open for an informal reception to relatives. The house was tastefully decorated, the parlors and dining room being adorned in palms and white and yellow blossoms.

Mr. Lillig and bride, who received innumerable wedding gifts, left in the afternoon for a short visit to Kansas City. The bride's travelling dress was of mode color and her hat and gloves were en suite.

Both young people are social favorites in a very large circle of friends and prominent members of the Dramatic Club of the Immaculate Conception parish."

Late yesterday afternoon Mr. James P. Shanks and Miss Jennette C. VanSickle were united in the holy bonds of matrimony, Rev. James Clulow officiating. The wedding ceremony took place at the First M. E. church parsonage, in the presence of a few relatives of the young couple.

The bride is an accomplished young lady from Deerwood and is well and popularly known. The groom lives at Bemidji, where he is employed with one of the large firms there as a logger.

The young couple will make their future home at Bemidji where the groom has already provided a home. The best wishes of a large circle of friends in this city is extended them. Mr. Shanks at one time made his home in Brainerd.

HENRY I. COHEN.

STILL NO PASTOR CHOSEN.

Supply Committee of the Congregational Church Will Look Further for a Man.

There was a meeting of the members of the First Congregational church last night at the church and there was a fairly good attendance. The meeting had been called for considering the advisability of calling some of the gentlemen who occupied the pulpit during the past month to the pastorate of the church.

THE DISPATCH stated a few days ago that there was a strong probability that Rev. Mr. Bean who occupied the pulpit last Sunday would be called. The fact is that there was a strong sentiment in favor of Mr. Bean until he delivered his Sunday evening sermon. That sermon, it is said, decided his fate. One prominent member of the church remarked, "Until Sunday evening Mr. Bean had made a very good impression, but that dissertation was the one that played havoc."

The matter of a pastorate for the church was discussed at length last evening but nothing definite was done. The members of the church are looking for a pastor in a prayerful and thoughtful manner and they want to be very cautious and the next time engage the right man for the right place.

It will be remembered that sometime ago the church gave a Rev. L. M. Hutton a call, but this gentleman wrote stating that he could not accept the pastorate. It is said that later developments showed that he had had some domestic difficulty which prevented him from taking the charge.

A vote was taken last night again and Rev. Mr. Hutton received seven votes but the majority of votes cast favored the plan of having the supply committee continue their work of securing a man. It is designed that a young man just from a theological seminary would be the right person for the church here.

MINNIE GOT TWENTY DAYS.

Mrs. Sullivan Up Before Judge Mantor This Afternoon Had a Long Tale of Woe.

This afternoon Judge Mantor heard two cases in the municipal court. The first case called was the one against Mrs. Minnie Sullivan, who was charged with drunkenness. She appeared before his honor and plead guilty and was fined the minimum \$26.75 or twenty days in jail. She did not have the money and wanted the judge to suspend sentence. Judge Mantor's face showed a great deal of goodness, but he said it was out of the question and that she would have to serve her time or pay the fine. She said she wanted to go to Duluth, but she will have to wait. She was taken to jail and will serve out the twenty days.

The case against F. D. Kennedy charged with being a continuous inebriate was taken up at 3 o'clock this afternoon. Kennedy changed his plea from not guilty to guilty and he was sentenced to five days in the county jail.

CONVOCATION IS OVER.

Those Who Returned Today Report Most Delightful Time--Papers by Brainerd Ladies.

Rev. Roderick J. Mooney and wife, Mrs. W. H. Gemmel and Miss Mabel McKay returned today from Duluth where they attended the convocation of the Episcopal church of the diocese of Duluth. They report a very pleasant time; an intellectual feast and a happy gathering.

In connection with the convocation, the Woman's auxiliary also met and in speaking of the papers read yesterday afternoon the Duluth News-Tribune had the following to say:

"Archbishop Appleby opened the meeting with a short resume of the situation in the district, and was followed by Mrs. Peabody of Hibbing, who spoke on 'The Work in the Mines and Lumber Camps.' Mrs. Gemmel, of Brainerd, read an excellent paper on 'The Junior Auxiliary as a Power in the Parish.' Mrs. Henry Taylor, of Duluth, followed with an interesting paper on 'Do Missions Pay?' and Mrs. J. D. Morrison, the president of the auxiliary, made an earnest address, referring to the work that had been done the past year and complimenting the officers and delegates for their interest.

Mrs. R. J. Mooney, of Brainerd, read a thoughtful paper on 'What One Woman Can Do.'

RATHER GIDDY OLD FELLOW.

Father of Former Pastor Edmunds of this City Wants to Tie-Up.

IS IN HIS EIGHTY-FOURTH YEAR

Son Goes to Lowell to Try and Have a Guardian Appointed.

Rev. T. Merrill Edmunds, formerly pastor of the First Congregational church in this city, is a conspicuous figure in a case that has been instituted in a probate court at Lowell, Mass. The despatches do not get his name quite correct, but there is little doubt but that he is the man. The following taken from the Associated Press reports gives the history of the case:

"A hearing was opened here yesterday and adjourned until Friday on the petition of Rev. F. M. Edmunds, of Minnesota, for guardianship for his father, T. S. Edmunds, who is 84 years old, yet insists upon marrying through the aid of a matrimonial newspaper. His son asks that another son, who lives in Boston, be made guardian to prevent the marriage.

Evidence was introduced to prove that Mr. Edmunds, Sr., was rapidly failing mentally. A number of strange women have called to see him as a result of correspondence in reply to matrimonial advertisements. The old gentleman opposed the guardianship vigorously."

It is known in this city that Mr. Edmunds, Sr., whose home is in Lowell, is a very wealthy man. Rev. Mr. Edmunds has a great many friends in this city. While he was here he would annually visit his father at Lowell. Rev. Edmunds preceded the Rev. Mr. Gallagher, and went from Brainerd to Mankato,

AMUSEMENTS.

Fifty of the most talented performers known to negro minstrelsy, and composing the Richards and Pringle's mammoth minstrel organization seen here Monday, June 24, will be the largest minstrel attraction seen here this season. The past excellent reputation of this immense attraction justifies lovers of good, substantial amusement an evening of royal entertainment.

Every feature in its lengthy program is decidedly new and the organization comes "bigger, brighter and better than ever."

A carload of the most elaborate and costly scenery is carried for the presentation of each act. Thoroughbred Kentucky horses, handsome imported English traps and two big brass bands appear each day in the parades given at 2:30 p.m.

Two magnificent Pullmans and several baggage cars, owned and controlled by the company, are used in its transportation.

There was a very large attendance at the Skerbeck show last night. The show is not a "great show," as one would lead to believe, but many enjoyed the performance as being a clean exhibition devoid of the fakish tendencies of shows of this character. There was tumbling acrobatic work, a slight of hand performer, tricks by Shetland ponies, performing dogs, etc.

BEHOLD THERE WAS LIGHT.

The New Dynamo at the Electric Light Plant is in Place and the Current is Turned on.

For the first time in nearly two months the large arc lights on the streets will be lighted tonight. The large new dynamo which was purchased by the city council arrived in the city a few days ago and was placed in position this morning and the current turned on.

The arcs were lighted for a short time this morning, when it was quite dark, for trial, and the dynamo was found to work perfectly.

Money to Loan.

LAWYERS VS. DOCTORS.

The Game To Be Played One Week From Tonight for Benefit of Public Library.

The game of base ball to be played between the lawyers and the doctors of the city will not be played on Sunday, but will be played one week from tonight. The receipts of the game are to go to the public library, and it is expected that there will be a liberal patronage when the money goes to so worthy a cause.

The game will be played at 6 o'clock in the evening, and as the stores close early that evening there is no reason why everyone cannot see this game. The lawyers are getting their men together and the line-up will be announced in a few days.

City Attorney Crowell, it is understood, will do the twirling for the lawyers, and it is said he has some mystifying drops that would be Chinese puzzles to even the stickers of the national league. Attorney Murphy is said to be a catcher of no little consequence and he will do honors behind the bat. The other prominent players on the infield have not been announced, but it is thought that Attorney Albright will hold down the first bag, it being remarked that he takes in most everything good that comes his way.

The game will be a good one and there should be a good attendance.

The E. P. Bacon Bankruptcy Matter Comes Up at Duluth this Afternoon at Two O'clock.

Attorney P. J. Murphy has gone to Duluth where he will appear before the United States Circuit Court as attorney for E. P. Bacon in the bankruptcy proceedings which were instituted sometime ago on application of creditors of Mr. Bacon.

The application of the creditors is made returnable today. While Mr. Bacon admits himself that he is bankrupt his attorney will try to have the application denied by the court. The application also asked that a receiver be appointed pending the hearing of the matter in the circuit court.

Mr. Bacon wants the application denied on the ground that he himself would rather file a voluntary assignment than have it appear that his creditors applied for the same. Mr. Bacon is the postmaster of Pillager, and is a merchant and business man.

Former Kansas Postmaster Acquitted of Blackmail.

Kansas City, June 21.—M. D. Beardin, a former Bonner Springs (Kan.) postmaster, who took a bag of slugs placed under the steps of the Bonner Springs lodge hall by Frank Warner, a banker of that city, who had received a letter threatening to blow up his house with dynamite unless he placed \$1,000 in gold at the spot, took the stand in his own defense. Beardin is an Odd Fellow and on the night in question had attended a meeting of his order in the hall. In his statement he told frankly of lingering behind after the other members had left, of seeing the bag under the steps, of making off with it and being confronted by a guard, who showed a shotgun in his face. Curiosity and nothing else, he declared, prompted him to take the sack. He had seen it by mere accident. He insisted that until that night he had no knowledge of the letter written Warner. A dozen witnesses who had known Beardin for years testified to his reputation for honesty.

A verdict of acquittal was brought in by the jury. The attorneys spent the entire afternoon in arguments. Beardin's attorneys were effective in their efforts to impress the jury with their client's good reputation in the past as shown by much testimony. Beardin was a strong witness in his own behalf.

For the first time in nearly two months the large arc lights on the streets will be lighted tonight. The large new dynamo which was purchased by the city council arrived in the city a few days ago and was placed in position this morning and the current turned on.

The arcs were lighted for a short time this morning, when it was quite dark, for trial, and the dynamo was found to work perfectly.

Lincoln's Swear Word.

One story that is told of Lincoln relates to that extreme, correctively critical attitude which Secretary Seward always maintained toward the president.

Mr. Lincoln and the secretary had managed to escape from a man who had been boring them, and as they reached the house the president threw himself into an armchair and exclaimed:

"By jings, governor, we are here!"

Mr. Seward replied by asking in a reproving tone:

"Mr. President, where did you learn that inelegant expression?"

Mr. Lincoln immediately turned to several young men who had entered the room in time to hear the exclamation and said:

"Young gentlemen, excuse me for swearing before you. 'By jings' is swearing, for my good old mother taught me that anything that had a 'y' before it is swearing. I won't do any more."—Youth's Companion.

A Former Brainerd Boy Weds at St. Joseph, Mo., Miss Emma Wagner.

The Ceremony Elaborate.

The Shanks-Van Sickles Wedding Ceremony Solemnized Last Evening.

The following clipping from the Catholic Tribune, of St. Joseph, Mo., relating to the marriage of Mr. John Lillig, son of Mr. and Mrs. M. Lillig of this city, and Miss Emma Wagner, of St. Joseph, will be of interest:

"Another wedding which was beautifully carried out was that of Mr. John Lillig and Miss Emma Wagner, which was also celebrated Tuesday morning in the Church of the Immaculate Conception, Rev. Father Johannes officiating.

Eight o'clock was the time set for the ceremony, but long before that hour those invited began to assemble in the church, which in honor of the occasion was profusely decorated in palms.

The bridal party entered to the strains of Mendelssohn's wedding march, played by Miss Lorenz, the ushers, Messrs. E. Wagner, and A. Mayer leading the way; next came the groom and his best man, Mr. Michael Lillig; then the maids, Misses Rose Wagner and Rose Lillig and lastly the bride accompanied by her maid of honor, Miss Agnes Wagner.

The costumes of the maids were of yellow silk mouseline with lace and black ribbon velvet garniture. They wore black Gainsborough hats and carried loose clusters of Marguerites. The maid of honor was attired in a beautiful gown of light blue silk grenadine over white taffeta silk; black ribbon velvet and lace insertion were used for trimming and she wore a white hat adorned with blue forget-me-nots and a large bow of black ribbon velvet; her bouquet was also a cluster of marguerites. The bride was unusually beautiful in a robe of white Paris mouseline over white taffeta silk; the skirt was elaborately trimmed in point lace and the bodice finished in a deep collar of the same. She wore a large white picture hat massed in snowy white flowers and carried a shower bouquet of white carnations tied with broad streamers of white satin ribbon.

The bridal party was tendered a wedding breakfast after mass at the home of the bride's parents, Mr. and Mrs. Egid Wagner, 625 South Seventeenth street, and in the afternoon the beautiful home was thrown open for an informal reception to relatives. The house was tastefully decorated, the parlors and dining room being adorned in palms and white and yellow blossoms.

Mr. Lillig and bride, who received innumerable wedding gifts, left in the afternoon for a short visit to Kansas City. The bride's travelling dress was of mode color and her hat and gloves were en suite.

Both young people are social favorites in a very large circle of friends and prominent members of the Dramatic Club of the Immaculate Conception parish."

Late yesterday afternoon Mr. James P. Shanks and Miss Jennetta C. VanSickle were united in the holy bonds of matrimony, Rev. James Clulow officiating. The wedding ceremony took place at the First M. E. church parsonage, in the presence of a few relatives of the young couple.

The bride is an accomplished young lady from Deerwood and is well and popularly known. The groom lives at Bemidji, where he is employed with one of the large firms there as a logger.

The young couple will make their future home at Bemidji where the groom has already provided a home. The best wishes of a large circle of friends in this city is extended them. Mr. Shanks at one time made his home in Brainerd.

STILL NO PASTOR CHOSEN.

Supply Committee of the Congregational Church Will Look Further for a Man.

There was a meeting of the members of the First Congregational church last night at the church and there was a fairly good attendance. The meeting had been called for considering the advisability of calling some of the gentlemen who occupied the pulpit during the past month to the pastorate of the church.

THE DISPATCH stated a few days ago that there was a strong probability that Rev. Mr. Bean who occupied the pulpit last Sunday would be called. The fact is that there was a strong sentiment in favor of Mr. Bean until he delivered his Sunday evening sermon. That sermon, it is said, decided his fate. One prominent member of the church remarked, "Until Sunday evening Mr. Bean had made a very good impression, but that desertion was the one that played havoc."

The matter of a pastorate for the church was discussed at length last evening but nothing definite was done. The members of the church are looking for a pastor in a prayerful and thoughtful manner and they want to be very cautious and the next time engage the right man for the right place.

It will be remembered that some time ago the church gave a Rev. L. M. Hutton a call, but this gentleman wrote stating that he could not accept the pastorate. It is said that later developments showed that he had had some domestic difficulty which prevented him from taking the charge.

A vote was taken last night again and Rev. Mr. Hutton received seven votes but the majority of votes cast favored the plan of having the supply committee continue their work of securing a man. It is designed that a young man just from a theological seminary would be the right person for the church here.

MINNIE GOT TWENTY DAYS.

Mrs. Sullivan Up Before Judge Mantor This Afternoon Had a Long Tale of Woe.

This afternoon Judge Mantor heard two cases in the municipal court. The first case called was the one against Mrs. Minnie Sullivan, who was charged with drunkenness. She appeared before his honor and plead guilty and was fined the minimum \$26.75 or twenty days in jail. She did not have the money and wanted the judge to suspend sentence. Judge Mantor's face showed a great deal of goodness, but he said it was out of the question and that she would have to serve her time or pay the fine. She said she wanted to go to Duluth, but she will have to wait. She was taken to jail and will serve out the twenty days.

The case against F. D. Kennedy charged with being a continuous inebriate was taken up at 3 o'clock this afternoon. Kennedy changed his plea from not guilty to guilty and he was sentenced to five days in the county jail.

Those Who Returned Today Report a Most Delightful Time—Papers by Brainerd Ladies.

Rev. Roderick J. Mooney and wife, Mrs. W. H. Gemmel and Miss Mabel McKay returned today from Duluth where they attended the convocation of the Episcopal church of the diocese of Duluth. They report a very pleasant time; an intellectual feast and a happy gathering.

In connection with the convocation, the Woman's auxiliary also met and in speaking of the papers read yesterday afternoon the Duluth News-Tribune had the following to say:

"Archbishop Appleby opened the meeting with a short resume of the situation in the district, and was followed by Mrs. Peabody, of Hibbing, who spoke on "The Work in the Mines and Lumber Camps." Mrs. Gemmel, of Brainerd, read an excellent paper on "The Junior Auxiliary as a Power in the Parish." Mrs. Henry Taylor, of Duluth, followed with an interesting paper on "Do Missions Pay?" and Mrs. J. D. Morrison, the president of the auxiliary, made an earnest address, referring to the work that had been done the past year and complimenting the officers and delegates for their interest. Mrs. R. J. Mooney, of Brainerd, read a thoughtful paper on "What One Woman can Do."

Son Goes to Lowell to Try and Have a Guardian Appointed.

Rev. T. Merrill Edmonds, formerly pastor of the First Congregational church in this city, is a conspicuous figure in a case that has been instituted in a probate court at Lowell, Mass. The despachet do not get his name quite correct, but there is little doubt but that he is the man.

The following taken from the Associated Press reports gives the history of the case:

"A hearing was opened here yesterday and adjourned until Friday on the petition of Rev. F. M. Edmunds, of Minnesota, for guardianship for his father, T. S. Edmunds, who is 84 years old, yet insists upon marrying through the aid of a matrimonial newspaper. His son asks that another son, who lives in Boston, be made guardian to prevent the marriage.

Evidence was introduced to prove that Mr. Edmunds, Sr., was rapidly failing mentally. A number of strange women have called to see him as a result of correspondence in reply to matrimonial advertisements. The old gentleman opposed the guardianship vigorously."

It is known in this city that Mr. Edmunds, Sr., whose home is in Lowell, is a very wealthy man. Rev. Mr. Edmunds has a great many friends in this city. While he was here he would annually visit his father at Lowell. Rev. Edmunds preceded the Rev. Mr. Gallagher, and went from Brainerd to Mankato.

The game will be played at 6 o'clock in the evening, and as the stores close early that evening there is no reason why everyone cannot see this game. The lawyers are getting their men together and the line-up will be announced in a few days.

City Attorney Crowell, it is understood, will do the twirling for the lawyers, and it is said he has some mystifying drops that would be Chinese puzzles to even the stickers of the national league. Attorney Murphy is said to be a catcher of no little consequence and he will do honors behind the bat. The other prominent players on the infield have not been announced, but it is thought that Attorney Albright will hold down the first bag, it being remarkable that he takes in most everything good that comes his way.

The game will be a good one and there should be a good attendance.

THROUGH HELL GATE

PERILOUS PASSAGE OF THE BIG BATTLESHIP MASSA. CHUSETTS.

SPECTATORS LINE SHORES

First Time a War Vessel of This Class Has Ever Attempted the Trip—Secretary Long Immediately Issues an Order Forbidding Repetitions of the Performance Unless Emergency Demands It.

New York, June 21.—Without the assistance of a pilot and to demonstrate that a first class battleship could be navigated through Hell Gate successfully, Captain Henry M. Manney took the big battleship Massachusetts through the tortuous, rock-bottomed narrows. It was the first time in the history of the navy that any commander of a war vessel of this class ever dared attempt thefeat and river craft and shores were filled with people gathered to witness the trip of the Massachusetts.

The passing of the mammoth fighting machine through the dangerous waters of Hell Gate successfully proves conclusively that in case of hostilities with a foreign power a battleship of the same draught as the Massachusetts, if she passed the fortifications of Willets point and Fort Schuyler, could repeat the performance of the Massachusetts.

Washington, June 21.—The navy department has taken cognizance of the action of the commander of the battleship Massachusetts in going through Hell Gate on his way from New York to Newburyport. This course is regarded as extremely dangerous for a ship of the dimensions of the Massachusetts and as a result Secretary Long has issued a stringent order that hereafter no battleship shall go through Hell Gate except under conditions of exceptional emergency.

ON THE FOURTH OF JULY.

Definitely Decided to Establish Civil Government in the Philippines.

Washington, June 21.—Civil government will be established in the Philippine Islands on July 4. Judge William H. Taft will be designated as civil governor. He will remain at the head of the Philippine commission, which is to be continued. The order creating him civil governor will be issued by the president through the secretary of war.

Further details regarding the new government are yet to be worked out. The Fourth of July is not selected with a view of having an extraordinary inauguration of the new government, but simply because that is the great American holiday and is deemed by the administration a good day upon which to locate what is believed to be an auspicious event in the history of the Philippines. It is probable that members of the Philippine commission will have charge of the different departments of the government.

CONSPIRED TO KILL WHITES.

Claimed Two Negroes Lynched Were Leaders of a Secret Order.

Benton, La., June 21.—There is little excitement here over the lynching of the two negroes, Smith and McLand. It is claimed that the two men were leaders of a secret order and had entered many conspiracies against the whites. The mob gave Smith five minutes in which to pray. The two men were swung up to a tree, their bodies hanging until noon. McLand met his fate stoically.

Prince Edwards, the negro who killed John Gray Foster, is still at large, although every effort is being made to apprehend him. Unless Edwards is captured it is believed that there will be no further violence offered by the dozen or more negro prisoners who are now confined in jail charged with complicity in the murder of Foster.

TWO BURNED TO DEATH.

Result of Heating Furniture Polish and Turpentine.

Pittsburg, June 21.—A peculiar accident at Turtle Creek, a suburb of Pittsburg, will result in two deaths. Mrs. William Ferguson undertook to soften a can of furniture polish on the kitchen stove. To facilitate matters she added half a pint of turpentine. In a second the can was ablaze and Mrs. Ferguson, in her effort to save the house, caught up the flaming can, threw it out of the window and struck the 3-year-old son of William McWilliams, who was playing on the porch. The child's clothing caught fire and Mrs. Ferguson rushed to his assistance. Both were fatally burned.

Bath Instantly Killed.

Waynesboro, Miss., June 21.—A. M. Leary and J. L. Davis engaged in a duel in which both were instantly killed. The trouble arose as the result of a family feud. Davis, who owned a big licensed distillery, opened fire on Leary with a pistol. He fired three times. After Leary was down he fired a shot with a pistol, killing Davis.

Ambassador Choate Is Ill.

London, June 21.—United States Ambassador Choate is confined to his bed by a summer cold which has proved somewhat irritating. His physicians report a material improvement in his condition.

THINKS LITTLE OF IT.

Vice Chairman Stone's View of the New Party Movement.

Kansas City, June 21.—William J. Stone, vice chairman of the Democratic national committee and national committeeman for Missouri, said of the "allied third party movement" started in Kansas City:

"I don't think it amounts to anything. For the most part it is made up of men who have been disappointed in political ambitions, men who have a grievance or who crave leadership."

It was suggested that the Lee Merritt of St. Louis, the leading spirit in the movement, had said that unless the Democratic party of Missouri calls a new Porte Springs convention to affirm the principles that his party advocates it will lose the state. On this Mr. Stone is quoted as saying:

"It would be absurd. If the gold standard Democrats move for a convention in the hope of gaining control I would second the motion, for we could turn them down just as easy as before."

EDITORS GO CALLING.

Minnesota Pencil Pushers Visit Mexico and South America.

Buffalo, N. Y., June 21.—Mexico and the South American states were visited by the Minnesota editors during the afternoon and the call was most enjoyable for both the guests and their hosts. Governor Van Sant and staff, in dress uniforms, paid a formal visit to the buildings of other countries and were received with great cordiality and ostentation. Minnesota is the first state to do this little courtesy and it was warmly appreciated by the Pan-American legions.

Senor Naunziew, in charge of the Mexican exhibit, in speaking to Superintendent James McMullen, said he would like very much to meet the governor of Minnesota. This gave McMullen the idea and he arranged for the tour.

GETS HIS DAUGHTER.

End of a Long Legal Fight for the Possession of a Child.

New York, June 21.—After a long legal fight for the possession of his 13-months-old daughter, Frank Wyant, a wealthy ranch owner of Lincoln, Neb., has won his suit in the appellate division of the supreme court, Brooklyn. The court reversed the decision of the lower court, which had dismissed a writ of habeas corpus.

The child's mother died in the East more than a year ago and Gladys was placed in the care of her uncle, Henry Wyant, in Brooklyn. When she was 6 months old her father decided to take her West with him, but under advice of a physician, who said she could not stand the trip, her uncle refused to surrender her. The father then appealed to the courts.

ORGANIZING A REBELLION.

General Tung Fuh Siang Active in the Middle Kingdom.

London, June 21.—A dispatch to The Standard from Shanghai announces that trustworthy reports say that General Tung Fuh Siang is organizing a large body of veteran troops with the intention of raising a rebellion in the northwestern provinces of the Middle Kingdom.

"A high native authority," cables the Shanghai correspondent of The Times, "says Germany proposes that China pay the indemnity in small annual amounts for 14 years, with increased amounts for the remaining 26 years, and that Great Britain will probably agree to this proposition."

MEMORIAL TO PINGREE.

Michigan Will Erect a Heroic Statue of the Dead Governor.

Detroit, Mich., June 21.—The committee of citizens which was to have arranged a welcome for ex-Governor Pingree on his return from South Africa has resolved itself into a committee to arrange for a permanent memorial to the ex-governor and preliminary steps to this end were taken at a meeting of the members. It was decided to accept subscriptions from 10 cents up from all parts of the state and erect an heroic statue of Mr. Pingree in some central spot in Detroit. The subscription list was headed with \$1,000 by Police Commissioner Andrews.

GREAT CROP ASSURED.

Present Outlook in the Northwest Very Bright.

St. Paul, June 21.—Reports from somewhere like 600 grain-producing and grain-receiving points in Minnesota and the Dakotas agree in the common verdict, to wit, the condition of small grain in the Northwest was never better than now; the stalk is strengthened and the soil saturated to withstand any drought that July may produce, and unless some unknown enemy arises in the next 30 days we shall harvest a heavy if not record-breaking crop.

He Ridiculed Duelling.

London, June 21.—The Vienna correspondent of The Daily Mail says that Arthur Schnitzler, the playwright and novelist, has been expelled from the ranks of reservist officers in the Austrian army and infamously degraded by a military court of honor for publishing a novel in which he throws ridicule upon the practice of duelling.

PLEA FOR HARMONY.

Senator Hanna Addresses Republicans at Cleveland.

Cleveland, June 21.—Contrary to general expectation harmony prevailed at the Republican county convention. Senator Hanna occupied a seat on the platform and made a strong speech in favor of peace between the two factions of the party.

"Sedon has there been any campaign," he said, "of such importance as last year, bearing on questions of such moment, and this year it is the same. It will have great bearing on the president's work and we should uphold him. This year we elect a legislature to choose a successor to my distinguished colleague, Senator Foraker, and we should be united in the demand that he be sent back. The legislature that chooses his successor will also redistrict Ohio and on this hangs the fate of at least five members of Ohio's congressional delegation. The Republican party must continue to hold the respect of a majority of the people of the United States."

THROUGH HELL GATE

PERILOUS PASSAGE OF THE BIG BATTLESHIP MASSACHUSETTS.

SPECTATORS LINE SHORES

First Time a War Vessel of This Class Has Ever Attempted the Trip—Secretary Long Immediately Issues an Order Forbidding Repetitions of the Performance Unless Emergency Demands It.

New York, June 21.—Without the assistance of a pilot and to demonstrate that a first class battleship could be navigated through Hell Gate successfully, Captain Henry M. Manney took the big battleship Massachusetts through the tortuous, rock-bottomed narrows. It was the first time in the history of the navy that any commander of a war vessel of this class ever dared attempt thefeat and river craft and shores were filled with people gathered to witness the trip of the Massachusetts.

The passing of the mammoth fighting machine through the dangerous waters of Hell Gate successfully proved conclusively that in case of hostilities with a foreign power a battleship of the same draught as the Massachusetts, if she passed the fortifications of Willets point and Fort Schuyler, could repeat the performance of the Massachusetts.

Washington, June 21.—The navy department has taken cognizance of the action of the commander of the battleship Massachusetts in going through Hell Gate on his way from New York to Newburyport. This course is regarded as extremely dangerous for a ship of the dimensions of the Massachusetts and as a result Secretary Long has issued a stringent order that hereafter no battleship shall go through Hell Gate except under conditions of exceptional emergency.

ON THE FOURTH OF JULY.

Definitely Decided to Establish Civil Government in the Philippines.

Washington, June 21.—Civil government will be established in the Philippine islands on July 4. Judge William H. Taft will be designated as civil governor. He will remain at the head of the Philippine commission, which is to be continued. The order creating him civil governor will be issued by the president, through the secretary of war.

Further details regarding the new government are yet to be worked out. The Fourth of July is not selected with a view of having an extraordinary inauguration of the new government, but simply because that is the great American holiday and is deemed by the administration a good day upon which to locate what is believed to be an auspicious event in the history of the Philippines. It is probable that members of the Philippine commission will have charge of the different departments of the government.

CONSPIRED TO KILL WHITES.

Claimed Two Negroes Lynched Were Leaders of a Secret Order.

Benton, La., June 21.—There is little excitement here over the lynching of the two negroes, Smith and McLand. It is claimed that the two men were leaders of a secret order and had entered many conspiracies against the whites. The mob gave Smith five minutes in which to pray. The two men were swung up to a tree, their bodies hanging until noon. McLand met his fate stoically.

Prince Edwards, the negro who killed John Gray Foster, is still at large, although every effort is being made to apprehend him. Unless Edwards is captured it is believed that there will be no further violence offered the dozen or more negro prisoners who are now confined in jail charged with complicity in the murder of Foster.

TWO BURNED TO DEATH.

Result of Heating Furniture Polish and Turpentine.

Pittsburg, June 21.—A peculiar accident at Turtle Creek, a suburb of Pittsburg, will result in two deaths. Mrs. William Ferguson undertook to soften a can of furniture polish on the kitchen stove. To facilitate matters she added half a pint of turpentine. In a second the can was ablaze and Mrs. Ferguson, in her effort to save the house, caught up the flaming can, threw it out of the window and struck the 3-year-old son of William McWilliams, who was playing on the porch. The child's clothing caught fire and Mrs. Ferguson rushed to his assistance. Both were fatally burned.

BOTH INSTANTLY KILLED.

Waynesboro, Miss., June 21.—A. M. Leary and J. L. Davis engaged in a duel in which both were instantly killed. The trouble arose as the result of a family feud. Davis, who owned a big licensed distillery, opened fire on Leary with a pistol. He fired three times. After Leary was down he fired a shot with a pistol, killing Davis.

AMBASSADOR COOKE IS ILL.

London, June 21.—United States Ambassador Cooke is confined to his bed by a summer cold which has proved somewhat irritating. His physicians report a material improvement in his condition.

THINKS LITTLE OF IT.

Vice Chairman Stone's View of the New Party Movement.

Kansas City, June 21.—William J. Stone, vice chairman of the Democratic national committee and national committeeman for Missouri, said of the "allied third party movement" started in Kansas City:

"I don't think it amounts to anything. For the most part it is made up of men who have been disappointed in political ambitions, men who have a grievance or who crave leadership."

It was suggested that the Lee Merritt of St. Louis, the leading spirit in the movement, had said that unless the Democratic party of Missouri calls a new Portage Springs convention to affirm the principles that his party advocates it will lose the state. On this Mr. Stone is quoted as saying:

"It would be absurd. If the gold standard Democrats move for a convention in the hope of gaining control I would second the motion, for we could turn them down just as easy as before."

EDITORS GO CALLING.

Minnesota Pencil Pushers Visit Mexico and South America.

Buffalo, N. Y., June 21.—Mexico and the South American states were visited by the Minnesota editors during the afternoon and the call was most enjoyable for both the guests and their hosts. Governor Van Sant and staff, in dress uniforms, paid a formal visit to the buildings of other countries and were received with great cordiality and ostentation. Minnesota is the first state to do this little courtesy and it was warmly appreciated by the Pan-American legions.

Senor Naunziew, in charge of the Mexican exhibit, in speaking to Superintendent James McMullen, said he would like very much to meet the governor of Minnesota. This gave McMullen the idea and he arranged for the tour.

GETS HIS DAUGHTER.

End of a Long Legal Fight for the Possession of a Child.

New York, June 21.—After a long legal fight for the possession of his 13-months-old daughter, Frank Wyant, a wealthy ranch owner of Lincoln, Neb., has won his suit in the appellate division of the supreme court, Brooklyn. The court reversed the decision of the lower court, which had dismissed a writ of habeas corpus.

The child's mother died in the East more than a year ago and Gladys was placed in the care of her uncle, Henry Wyant, in Brooklyn. When she was 6 months old her father decided to take her West with him, but under advice of a physician, who said she could not stand the trip, her uncle refused to surrender her. The father then appealed to the courts.

ORGANIZING A REBELLION.

General Tung Fuh Siang Active in the Middle Kingdom.

London, June 21.—A dispatch to The Standard from Shanghai announces that trustworthy reports say that General Tung Fuh Siang is organizing a large body of veteran troops with the intention of raising a rebellion in the northwestern provinces of the Middle Kingdom.

"A high native authority," cables the Shanghai correspondent of The Times, "says Germany proposes that China pay the indemnity in small annual amounts for 14 years, with increased amounts for the remaining 26 years, and that Great Britain will probably agree to this proposition."

MEMORIAL TO PINGREE.

Michigan Will Erect a Heroic Statue of the Dead Governor.

Detroit, Mich., June 21.—The committee of citizens which was to have arranged a welcome for ex-Governor Pingree on his return from South Africa has resolved itself into a committee to arrange for a permanent memorial to the ex-governor and preliminary steps to this end were taken at a meeting of the members. It was decided to accept subscriptions from 10 cents up from all parts of the state and erect a heroic statue of Mr. Pingree in some central spot in Detroit. The subscription list was headed with \$1,000 by Police Commissioner Andrews.

GREAT CROP ASSURED.

Present Outlook in the Northwest Very Bright.

St. Paul, June 21.—Reports from something like 600 grain-producing and grain-receiving points in Minnesota and the Dakotas agree in the common verdict, to wit, the condition of small grain in the Northwest was never better than now; the stalk is strengthened and the soil saturated to withstand any drought that July may produce, and unless some unknown enemy arises in the next 30 days we shall harvest a heavy if not record-breaking crop.

HE RIDICULED DUELING.

London, June 21.—The Vienna correspondent of The Daily Mail says that Arthur Schnitzler, the playwright and novelist, has been expelled from the ranks of reservist officers in the Austrian army and infamously degraded by a military court of honor for publishing a novel in which he throws ridicule upon the practice of dueling.

CIRCUS CLOWN DROPS DEAD.

Staples, Minn., June 21.—During the evening performance of Berwick's circus the brother of the proprietor, who was acting as a clown, dropped dead while on his way to the dressing-room. Heart failure was the cause.

PELA FOR HARMONY.

Senator Hanna Addresses Republicans at Cleveland.

Cleveland, June 21.—Contrary to general expectation harmony prevailed at the Republican county convention. Senator Hanna occupied a seat on the platform and made a strong speech in favor of peace between the two factions of the party.

"Seldom has there been any campaign," he said, "of such importance as last year, bearing on questions of such moment, and this year it is the same. It will have great bearing on the president's work and we should uphold him. This year we elect a legislature to choose a successor to my distinguished colleague, Senator Foraker, and we should be united in the demand that he be sent back. The legislature that chooses his successor will also redistrict Ohio and on this hangs the fate of at least five members of Ohio's congressional delegation. The Republican party must continue to hold the respect of a majority of the people of the United States."

First Gold of the Season.

Seattle, Wash., June 21.—The first gold shipments of the season are now on the way from Klondike. Sums aggregating \$1,500,000 were started from Dawson on June 14 on the river steamers Canadian and Zealandia, according to telegraphic advices received in Skagway. The Zealandia got away from Dawson on the 14th and the Canadian left the same day. Both consignments will probably arrive in Seattle next week.

DEVELOPED INTO A Gusher.

Sour Lake, Tex., June 21.—The well recently bored by the Gaffey Petroleum company developed into a gusher unexpectedly during the afternoon. No attempt to measure the flow has been made, but estimates put it at 30,000 barrels.
